ABSTRAK

Peraturan Daerah Kota Bekasi Nomor 4 Tahun 2023 tentang Pemberdayaan dan Perlindungan Perempuan merupakan langkah penting dalam mewujudkan kesetaraan dan keadilan gender bagi perempuan di Kota Bekasi. Tujuan penelitian ini adalah untuk mengetahui implementasi Peraturan Daerah Kabupaten Bogor Nomor 4 Tahun 2023 tentang Perlindungan Perempuan. Analisis ini akan dilakukan dengan menggunakan metode penelitian hukum normatif dan empiris. Hasil penelitian ini menemukan Peraturan Daerah Kota Bekasi Nomor 4 Tahun 2023 Tentang Pemberdayaan dan Perlindungan Perempuan merupakan instrumen hukum yang penting untuk mewujudkan kesetaraan gender dan melindungi hak-hak perempuan di Kota Bekasi. Peraturan Daerah ini memberikan landasan yang kuat dalam melaksanakan berbagai program dan kegiatan yang bertujuan untuk memberdayakan dan melindungi perempuan. Perda baru ini diharapkan dapat menjadi instrumen yang efektif untuk mewujudkan kesetaraan dan keadilan gender bagi perempuan dan anak di Kota Bekasi. Penting untuk diingat bahwa analisis ini hanya didasarkan pada teks Peraturan Daerah baru dan informasi yang tersedia bagi publik. Untuk memperoleh analisis yang lebih mendalam, diperlukan penelitian lebih lanjut dan pengumpulan data yang lebih lengkap.

ABSTRACT

2. Methods

Research methods are methods or procedures used to obtain correct knowledge. Local regulation.² This analysis will be carried out using normative and empirical legal research methods. The normative legal research method will be used to analyze the substance and material of the Regional Regulation, while the empirical research method will be used to assess the effectiveness and implementation of the Regional Regulation. The method of data collection used by the author in this research³ is library.

1. Juridical Analysis

Understanding the background and objectives of regional regulations: Study the history and reasons behind the creation of regional regulations, as well as the goals to be achieved.

Analyzing the contents of the Regional Regulation: Read and understand each article and verse in the Regional Regulation, as well as the relationship between articles and verses.

Identifying rights and obligations: Determining the rights and obligations given to women and other stakeholders based on regional regulations.

Comparing with other regulations: Comparing the Regional Regulation with other regulations related to the empowerment and protection of women, both at the national and international levels.

2. Policy Analysis:

Assessing the effectiveness of regional regulations: Evaluate the extent to which regional regulations have been effective in achieving their objectives.

Identifying obstacles and challenges: Determining the factors that hinder the implementation of regional regulations and finding solutions to overcome them.

Recommend improvements: Provide suggestions and input to improve the effectiveness of the Regional Regulation.

3. Social Impact Analysis:

Understanding the impact of regional regulations on women: Analyzing how regional regulations have impacted the lives of women in Bekasi City.

Identifying vulnerable groups: Determine which groups of women are most vulnerable to the impacts of the Regional Regulation and ensure that their needs are met.

Promoting women's participation: Encouraging women's participation in decision-making processes related to regional regulations.

The analysis method chosen will depend on the objectives of the analysis.

3. Results and Discussion

Bekasi City Regional Regulation (Perda) Number 4 of 2023 concerning Women's Empowerment and Protection has been revoked and replaced by Bekasi City Regional Regulation Number 1 of 2024 concerning the Implementation of the Empowerment and Protection of Women and Children.⁴

To overcome these challenges, sustained efforts are needed from all parties, including local governments, civil society organizations, women's communities, and the wider community.

With continuous efforts from all parties, it is hoped that this new Regional Regulation can be an effective instrument to realize gender equality and justice for women and children in Bekasi City.

3.1. Results

- Improvement of Regional Regulation Number 4 of 2023 concerning Women's Empowerment and Protection.
 1. The scope of the new Regional Regulation is broader, including the empowerment and protection of women and children.
 2. The new Regional Regulation approach uses a more comprehensive and sustainable approach, with a focus on prevention, recovery, and rehabilitation.
 3. The new Regional Regulation institution strengthens institutions to support the implementation of the empowerment and protection of women and children.
 4. Funding The new Regional Regulation regulates funding to support the implementation of the empowerment and protection of women and children.
 5. The new Regional Regulation sanctions strengthen sanctions against violations of women's and children's rights.
- Implementation of a more effective Regional Regulation to realize the empowerment and protection of women in Bekasi City.

With the effective implementation of the Regional Regulation and the right strategy, it is hoped that the empowerment and protection of women in Bekasi City can be realized. It is important to remember that the implementation of this Regional Regulation requires commitment and cooperation from all parties, including local governments, law enforcement officials, CSOs, the women's community, and the wider community.

⁴ https://jdih.bekasikota.go.id/jdih/web/uploads/Abstraksi_Perda_4_2023.pdf

- Increase public understanding and awareness of the importance of gender equality and justice for women.

3.2. Discussion

- Improving the quality of life of women in Bekasi City.

Improving the quality of life of women in Bekasi City is a noble goal that requires comprehensive and sustainable efforts from various parties.

- a. Improving women's access to education and training: This can be done by providing scholarships, vocational training programs, and entrepreneurship development programs.
 - b. Creating jobs for women: This can be done by encouraging the private sector to create jobs for women, and creating women-friendly job creation programs.
 - c. Increase women's participation in politics and decision-making: This can be done by encouraging women to run for elections, and providing leadership training to women.
 - d. Combating discrimination and violence against women: This can be done by increasing education about gender equality and women's rights, strengthening law enforcement against violations of women's rights, and providing support services for women victims of discrimination and violence.
 - e. Strengthening law enforcement against violations of women's rights: This can be done by increasing the capacity of law enforcement officials, facilitating women's access to justice, and providing strict sanctions against violators of women's rights.
 - f. Creating regulations that support gender equality and justice for women: This can be done by creating regulations that protect women's rights in the economic, political, social, and cultural fields.
 - g. Providing women with access to legal services: This can be done by providing free legal services for women, and increasing education about the law for women.
- Realizing gender equality and justice for women.
 - a. Establish and strengthen institutions that deal with issues of gender equality and justice for women in Bekasi City.
 - b. Building an inter-agency work network that addresses issues of gender equality and justice for women.
 - c. Strengthening the capacity of human resources to address issues of gender equality and justice for women.
 - Protect women's rights and prevent all forms of violence against women.

1. Victim Assistance and Protection Services:
 - a. Providing assistance and protection services for victims of violence against women.
 - b. This can be done by establishing a safe house for victims of violence, providing psychological counseling services, and providing legal assistance to victims.
 - c. Improve coordination between agencies dealing with violence against women to ensure victims receive comprehensive and integrated services.
2. Prevention of Violence Early Childhood:
 - a. Conducting programs to prevent violence against women from an early age, such as education on gender equality and women's rights, and education on positive parenting.
 - b. Involving boys and boys in efforts to prevent violence against women.
 - c. Building a culture of non-violence in society.
3. Education and Socialization:
 - a. Carry out education and socialization programs on women's rights and the prevention of violence against women at various levels of society.
 - b. Involving various parties in education and socialization programs, such as local governments, civil society organizations, women's communities, educational institutions, and mass media.
 - c. Utilizing various media platforms, such as social media, radio, television, and print media, to disseminate information about women's rights and the prevention of violence against women.

4. Conclusion

Bekasi City Regulation Number 4 of 2023 concerning Women's Empowerment and Protection is an important legal instrument to realize gender equality and protect women's rights in Bekasi City. This Regional Regulation provides a strong foundation for implementing various programs and activities aimed at empowering and protecting women.

It is hoped that this new Regional Regulation can be an effective instrument to realize gender equality and justice for women and children in Bekasi City. It is important to

remember that this analysis is based only on the text of the new Regional Regulation and information available to the public. To obtain a more in-depth analysis, further research and more complete data collection are needed.

1. Institutional Strengthening:

Establish and strengthen institutions at the sub-district and sub-district levels to support the implementation of the Regional Regulation.

Improving coordination between related agencies in the implementation of the Regional Regulation.

Building an integrated data and information system to monitor and evaluate the implementation of the Regional Regulation

2. Increased Capacity:

Provide training and education to relevant stakeholders, including government officials, women, and the general public, about the content and objectives of the Regional Regulation.

Increase public knowledge and understanding of women's rights and ways to claim these rights.

Increasing women's capacity in various fields, such as economic, political, and social.

3. Law Enforcement:

Strengthen law enforcement mechanisms against violations of women's rights.

Improve coordination with law enforcement officials to ensure effective law enforcement.

Providing legal protection and assistance to women who are victims of violations of their rights

4. Budget Allocation:

Increasing the budget allocation for the implementation of the Regional Regulation.

Ensure that the allocated budget is used effectively and efficiently.

Monitoring and evaluating the use of the budget.

5. Community Participation:

Increasing women's participation in the decision-making process related to the Regional Regulation.

Encourage the participation of civil society in the implementation of the Regional Regulation.

Build effective communication and consultation mechanisms with the community.

6. Monitoring and Evaluation:

Monitoring and evaluating the implementation of the Regional Regulation periodically.

Involve various stakeholders in the monitoring and evaluation process.

Using the results of monitoring and evaluation to improve the implementation of the Regional Regulation.

By implementing the solutions above, it is hoped that Bekasi City Regional Regulation Number 4 of 2023 concerning Women's Empowerment and Protection can be more effective in achieving its goal of realizing gender equality and protecting women's rights in Bekasi City.

Acknowledgment

Thank you to all parties who have assisted in the analysis of Bekasi City Regional Regulation Number 4 of 2023 concerning the Empowerment and Protection of Women, hopefully this analysis can help reduce acts of violence against women in Bekasi City or in other cities
